Hey guys as I know because of the amount of people that have contacted me that most everyone has seen the video that is circulating about my Dad. Feel free to call me if you have any questions, I would love to give you an update on what is all going on.

Matthew 5:11 is a great verse to read right now. I don't know of any verse that better explains it. I have a client and friend that is a lawyer and I asked him about filing a suit against them and I was told that there is no way to really make this go down without it looking like we are trying to squash what they are saying which would lead people to think that there is guilt.

I want you to know that I have been there and was a part of the whole experience where she accused and Dad offered her and her husband a platform to share it with pastors etc. They denied to do this. There are so many lies in that video I can't even begin to explain them all.

As stated before feel free to call me [REDACTED] and I will answer any questions you might have. Love you guys and wanted to say thanks to all those that have reached out to me so far. Please be careful attacking others and making them want to fight more, that will never lead to anything of benefit. I love you guys and can't wait to talk if you want to call me. If I don't answer it is because i am on the phone so feel free to reach out via text and I will call you as soon as I hang up with the call. As a financial advisor I live on my phone so I might not be able to answer immediately.

So sorry you guys are going through this Chris. It really makes me mad. I don't doubt your dads integrity one bit. The

sad thing to me is that many people are sharing it that know nothing but the accusation. We are praying for the whole situation.

We are 100% behind you Jefe and we are here to help in anyway! I guess we should not expect anything else with how God is using the ministry.

At the end of the day it will be God who protects the reputation of a man. May we all pray that the devil gets caught with his lies once again.

There was a dear Pastor in North Carolina accused of some thing similar, praise the Lord he came out innocent and continues to Pastor today.

Love you Jefe! Praying much!

I am not sure what is going on. I have not seen any accusations or videos.

I simply know that we are in a battle for souls and the devil will do all he can to tear down those that follow the Almighty Christ. We are family and Satan's task is to kill, corrupt and destroy. We serve the Faithful and True Christ that placed us in the ministry. I pray that we stay close to Christ and each other. We knew when we signed up to serve, there would be attacks that would cause pain.

I stand with Jefe and our team. I love you, Preacher and stand with you, no matter. We are family and if I can be a help, I am here.

Love you

So sorry you and your family are dealing with rbis, Jefe. We love you, and believe in you.

Chris is right. Our (MY) inclination is to swing back when someone goes after us like this. People act like like these people are because they're bitter. A root that springs up and defiles many. We must be careful not to let their actions cause it in us. Meditating on the gospel keeps us humble, and helps us forgive. That is what these imposters need to do, and us as well.

I second what Chris has said.

I was there from day one and know of every "issue" she mentioned afterwards. I know personally that there were so many parts throughout the video that were not true.

Jefe met with Macedonia, every missionary on our team, and every Peruvian pastor. He was extremely transparent through the entire process. No coverup was ever made. Everything was out in the open from the beginning.

I can answer any question you have.

Teri and I are very sorry that you are going through this. We love you and are praying for you and Mrs. Betty at this time.

I am personally very grateful for the integrity and transparency with which you have conducted your ministry since the time I first met you in 1999.

I believe these accusations are baseless lies designed to slander and malign you. I am so sorry for the hurt this has caused you and the way Satan will try to use this to hurt the cause of Christ, but we know that what men mean for evil God can use for good in some way.

Love you and praying for you.

Thank you, Jefe. I didn't doubt your character but it helps to hear from you as well about it and have your official statement. I know you are traveling and so it makes things more complicated as you would rather talk to us all in person (even though I am not in the States).

I knew of the "accusation" before and it was dealt with properly with an investigation and your name was cleared. Sorry, it is being dragged through the mud again. There has never been a sexual abuse accusation brought against you since and your name was cleared before because of your testimony and the safeguards you have always had in place to guard your testimony against it.

I have seen your integrity with my own eyes.

As for everyone else, again, there is nothing to hide. So if you have any questions feel free to contact me or any of the directors with any questions you have. Nothing is off-limits. The truth is what sets free. There may be people speaking falsely against us as a group for a time period, but the truth will win in the end. Some of the people who have used this to stir up trouble have been cussing and saying things that the Redeemed of the Lord wouldn't say. Don't fall for their trap.

In response to things you see, it is better to say nothing than to say something emotionally charged and not right.

Take this time to look at your life and marriage and make sure you have safeguards set up. Focus on loving your family and GET INTO THE WORD. Read Proverbs constantly. Just because the #metoo movement has influenced our culture to hold an anti-biblical standard, doesn't mean that we have followed them. People aren't guilty just because they are accused unilaterally (nor are they necessarily innocent).

Some of you will be going to churches and may be asked about it. If you want to be more informed about the situation so you know how to respond intelligently and honestly, contact me or your director and we will fill you in and help you.

Also, praying for Trent as he and the church have the wisdom to give an official response.

Sometimes I neglect to reply to emails on this ring because it's hard to say anything different than what's already been said, I don't believe I'll say a thing different at this point but want to at least let you and everyone know, our family loves you and appreciates all you ever done for us! I've never had a pastor or a mentor encourage me more to love and lead my family first.

We all have heavy hearts today for sure! I think at the end of the day we all can see satan attacking because of the shots we as a team are taking at his kingdom.

Someone mentioned a video of testimonies. That sounds like a good idea, especially of those of you who are closest to Jefe and have been with him the longest. Paul defended his character when publicly accused. But instead of Jefe speaking for him his own character, should be us doing the talking.

This is nothing new. Just the same lies and satan trying a new tactic.

God is going to take care of this. Just watch what our great God does for you.

I know you know this well, but I remind you of what you taught me from Romans 8, you mighty man of God, you conqueror for Christ.

31 What shall we then say to these things? If God *be* for us, who *can be* against us?

32 He that spared not his own Son, but delivered him up for us all, how shall he not with him also freely give us all things?

33 Who shall lay any thing to the charge of God's elect? *It is* God that justifieth.

34 Who *is* he that condemneth? *It is* Christ that died, yea rather, that is risen again, who is even at the right hand of God, who also maketh intercession for us.

35 Who shall separate us from the love of Christ? *shall* tribulation, or distress, or persecution, or famine, or nakedness, or peril, or sword?

36 As it is written, For thy sake we are killed all the day long; we are accounted as sheep for the slaughter.

37 Nay, in all these things we are more than conquerors through him that loved us.

38 For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come,

39 Nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord.

I love you very much

I have resigned from all things with Vision missions

I have taken down my website and Facebook

Jeff will be putting out a statement

I will not be returning to vision or making any scheduled trips

Not going to Mexico

Not going to colombia

I will repay any money I am causing you to lose

I will not be traveling any where

Or preaching any where

Once I get home I will be there

Jefe,

It isn't fair to you.

I understand why you're stepping down. But someone who is worthy of double honor shouldn't have to go out this way.

Any one of us could be accused of something.

I understand how you're handling this but wouldn't a resignation admit fault and these lies don't need to go unchecked. It seems like a resignation won't appease these folks.

I cannot explain how bad this hurts to read.

I love you and can say that for over 45 years I have watched you love a life of integrity. Sorry they are doing this.

Just FYI for others watching this my wife was sent a text stating that they knew what I had done to Sarah when she was 10. I hope I don't have to say out loud that this is an outlandish claim as well. I honestly don't think I have ever been with Sarah anywhere without her mom in the room.

I pray that if they come after me that people might begin to see how outlandish this all is but who knows what will truly happen. I love you guys and have been so thankful for the many conversations I have had with you on the phone.

Dad, please know that I love you and our whole family hurts for you and with you.

David Gibbs said that the best way to handle this was a divorce or defend but that defend drags on for years

So this means that they will be hard on me and try to destroy me but now that I am down and out I am not sure what else they hope to accomplish

Seems like they want all of us. Your family and everyone associated with your ministry. That's why I'm sad to say I doubt they'll stop. Bitterness drives people in a sad way.

Perhaps it will. A win in court is still a win.

Philippians had to admit they wrongfully imprisoned Paul which helped the church i'm sure.

I'd rather endure a long battle and even go down fighting for my friends, than let them fight alone. I'm not sure this is best. I respect your wisdom and experience, but I'd rather fight with you than you take it all yourself.

John 13:34-35 - The way that we love each other shows the world that we are followers of Christ, and I can't imagine letting them come after you is love on our part.

Are you making this decision on your own? Have you talked to the team/regional directors and asked if you should do this? Maybe there are some Pastors we trust that could help you make the right decision in this.

I just want you to know, I love you.

I have no idea. I think that if she does then it will be so far fetched that it will discredit almost everything she has said so far.

John walz already said this, but I second the independent investigation part. Then the board and the church can tell the public it is being looked into so it doesn't look like we're hiding anything. I think the public would appreciate that.

There is someone in my mediate family who would be a simar type of person with what they say/do about others. The similarities are shocking. Quitting won't heal any bitterness they have so when they "win" through this, they'll still need to do more. Then the story will get changed again about how evil vbc and vbm are. Bitter people take out others to feel good but it doesn't heal them so they have to change the story and take out more people to feel good about themselves. It'll probably come back to that in 5-15 years. If she made a move in '04, what's stopping her from making another move in '24?

That's my two cents. I'll shut up now
